Frameworks & Libraries: Angular • React • NestJS • Ionic • Vitest

Tools: Git • GitHub • Figma

Experience

Tectius Lisbon, Portugal
Frontend Developer (Internship) 03/2025 - 08/2025

- Built a web app for ~100 student pilots using Angular and Ionic.
- Designed and implemented the UI/UX, building the entire frontend in 5 months.
- Collaborated with 2 backend developers, preparing service requirements and integrating 5+ APIs.

Conservatório de Música Dom Dinis Lisbon, Portugal
Database Manager (Internship) 05/2023 - 07/2023

- Managed an Excel database with ~200 student records.
- Updated class and enrollment records accurately.

RPC Informática Lisbon, Portugal
Hardware Repairs and Technical Assistance (Internship) 05/2022 - 2022

- Installed and configured operating systems on 5–10 computers per week.
- Performed hardware repairs and computer setup.
- Assisted with internet system installations for small office/home clients (~2–5 per week).

Education

ISTEC Lisbon Lisbon, Portugal
Higher Professional Technical Course in Mobile Device Development 09/2023 - 08/2025

Escola Secundária Pedro Alexandrino Lisbon, Portugal
Professional Course in Systems Management and Programming 09/2020 - 07/2023

Projects

Personal Finance Management (Personal Project)

Developing a full-stack expense tracking application with budget management and financial reporting capabilities. Backend complete; frontend in progress.

Sky Syllabus (Internship)

Created the frontend of a web application for aviation pilot students using Angular and Ionic, featuring practice modes and school exams.

AEPA Website (School Project)

Redesigned the school website's UI/UX using HTML, CSS, and JavaScript.
